## Load-to-Line Jumpers

TESCO's **Load-to-Line Jumpers (Cat. 200)** allows the utility to perform meter maintenance without interruption of service to the downstream occupant. TESCO Jumpers are rated for 200 amps continuous duty and are made from a durable 1/8 thick tin plated copper with a durable insulating material covering everything except the blades.

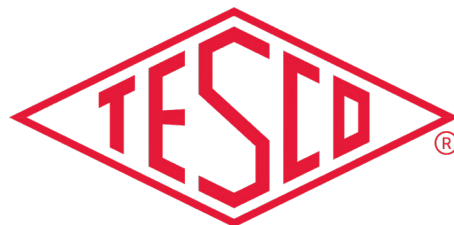

### Specifications

- Rating: 200/320 Amps continuous duty
- Material: Tin plated copper with an insulated cover
- Packaged: 2 per package

### Variations

The **TESCO Load-to-Line Jumpers** are available in four different configurations:
